PRODUCT OVERVIEW

DNA Profile prides its-self on the quality of its range of products offered. The strength behind these quality products is largely accredited to strong affiliation with world-class experts in the fields of nanotechnology, biotechnology and internet technology, the base of which the products are manufactured.

Our much sought after product, **FACTOR R** is a true restorer of youth. **FACTOR R** has been formulated and produced after years of research. With high levels of Human Growth Hormone (HGH), among other properties, it is assured to give you back the vitality, which diminishes with the aging process.

Among our trusted products, are Liquid Spirulina, and Liquid Chlorophyll, both of which are proven trusted for its age -old properties and valuable benefits. Our range also carries DNA Slice, a Detoxification Plaster, carefully researched and engineered for optimum results.

DNA Liquid Spirulina "Health, Energy & Vitality"
 The most wonderful and superb food supplement in the world - WHO

Spirulina is declared by the World Health Organization (WHO) as the greatest super food on earth. Spirulina is a plank-tonic blue-green algae that has amazingly high nutritional profile. It is the world's richest natural source of vitamin B-12 has up to 70% amino acid and contains a whole spectrum of natural carotene and xanthophylls phyto-pigments. This natural food will nourish, energize, and cleanses our body. Scientific articles published in the past years shows showed that Spirulina is safe and extremely nutritious.

Spirulina, however, is far more than mere super food. As scientists have recently discovered, Spirulina also possesses therapeutic benefits. The phyto-nutrients in these tiny algae are known to detoxify our body, boost our immune system and fight diseases. Spirulina was used as a medical food to malnourished children and adults to improve their immunity system against radio active effect and sickness.

Spirulina contains 12 vitamins, 11 minerals, 4 important pigments, 8 essential fatty acids, 6 non-essential fatty acids, 8 essential amino acids and 10 non-essential amino acids. It is a rich source of enzymes and other potentially important nutrients and has up to 70% complete and highly digestible protein. Spirulina contains as much nutrients as 1000kgs of assorted vegetables.

DNA Liquid Spirulina, natural in its formulation is highly digestible owing to its unicellular form and helps in combating nutritional anemia, stress, weight problems, high cholesterol, pollution and gastric ulcers. It contains all the 8 essential and 10 non essential Amino acids besides Chlorophyll, phyco-cyamin, linolenic acid and gamma linolenic acid. Spirulina's vitamin contents ranges from vitamin A, Beta Carotene (as Vitamin A), B1 Thiamine, B2 Riboflavin, B3 Niacin, B6, B12, Vitamin E, Inositol, Biotin and folic Acid. Apart, chlorophyll, catotenoids, phycocyanin and super oxide dismutase from the pigments in Spirulina, whilst calcium, magnesium, iron phosphorus, potassium, sodium, manganese, zinc, selenium, copper, and chromium constitute its minerals content.

DNA Liquid Spirulina is specially formulated through special manufacturing process, which safe guards and preserves the efficacy of the natural ingredients. It is pure, natural safe whole food, making it an ideal food supplement for people of all ages and lifestyles with instant benefits. It is a natural energy booster, natural cleanser and offers a balanced meal to adults and children alike. Taking a small amount of DNA Liquid Spirulina helps build up both the humoral and cellular arms of the immune system. Spirulina also accelerates production of the humoral system (antibodies and cytokines) allowing it to better protect against invading germs. More than that, Spirulina regulates these key cells and improve their ability to function in spite of stresses from environmental toxin and infectious agents. Taking Spirulina before meal helps to satisfy the appetite so than one eats less at meal time and does not feel hungry between meals. Spirulina is the richest iron food, containing at least 20 times more than any other food. Spirulina's iron is easily absorbed by the human body. It is indeed twice as absorbable as the iron in vegetables and most meat. The all natural super food for health, energy and vitality.

Benefits of DNA Liquid Spirulina

- Reducing Cancer Risk
- Reducing Cholesterol Level and Risk of Heart Disease
- Enhancing the Immune System
- Role in Weight Loss
- Providing High Iron Bio availability and Correcting Anemia
- Potent Anti-Viral Activity

DNA Profile MP Chloro - Crypto

Today, DNA Profile has brought to you a powerful combination of MP Chlorophyll Cryptomonadales: an essential drink that's vital to the cleansing of our body system as well as to revitalize & refresh our mind.

Here are some of the benefits of this revolutionary green drink:

- 1) Purification of blood & detoxification
Its high Chlorophyll concentration will eliminate any toxin pollutions & cholesterol from our blood stream and cleanses our body system.
- 2) Maintenance of acid base balance in our body and balanced nutrition
With a correct acid/alkaline balance in our body, we are able to prevent the onset of modern living diseases and the effects of aging. It also improves and maintains the health and functions of various body organs, as it strengthens cells activities and cell - reproductive function.
- 3) Enhancement of immunity
Because Chlorophyll enriches blood-building nutrients, our immune system can be strengthened to further guard our body against harmful bacterial infections.

Alfalfa (which means "The Father of All Foods" in Arabic is recognized as the richest source of liquid Chlorophyll. From generations ago, it is known that Chlorophyll has the ability to bind with our system's toxin and remove them out of our body. And because Chlorophyll's molecular structure is the same as our very own red blood cells (hemoglobin), it helps our body to rebuild damaged cells as well as improve our immune system as discovered by Nobel Prize Winners - Dr. Richard Willstatter (1951) and Dr. Hans Fisher (1930).

In existence since 3.5 million years ago, Cryptomonadales is often regarded as the "King of Algae" because of its high protein & mineral content and highest nutrition as value. This oval - shaped green algae contains high concentration of protein, fiber & anti-oxidants.

Drinking Directions:

Dilute a capful or 1 tablespoon of DNA Profile MP Chlorophyll Cryptomonadales into a glass of water. Drink at least 3 times a day, morning, evening and night. As a nutritional supplement & a refreshing drink - it can be served anytime, during meals as well as a daily routine.

According to Chinese medical theories, there are more than 360 acupoints on the human body, of which some 60 of them are located on the soles of the feet. The soles of the feet are also reflections of the various vital organs and has been named as "the second hearts". It also the accumulation point of various toxins. Water within the human body is evenly distributed to all parts of the body, from the head to the toes, during sleep. However , water which is cold and which contains waste matters are heavier and when we stand during the day, these substances will descend to the lower parts of the body and accumulate in the soles of the feet. Pasting on the detoxifying plaster before going to bed at night and allowing it to act on the soles for 8 hours during sleep, toxins from the 60 plus acupoints would be extracted by the plaster, thus achieving a detoxification and slimming effect.

The great effects of the Sole Detoxification Plaster has been recognized by the Japanese medical circle. With a continuous use of 30 days, the colour of the plaster would lighten gradually, with reduction in moisture and without foul odour. This proves the effectiveness of the plaster which has extracted toxins and fats stored in the human body through the pores in the soles, providing it with a safe detoxification and slimming effects.

The main effects of PLANT GUM SLIM Patch :

1. Detoxifies and removes fats naturally.
2. Activates cells.
3. Relieves fatigue of the feet.
4. Relieves edema and pain.
5. Helps sleep.
6. Removes wastes accumulated in the lymphatic system of the body, improves lymphatic functions and body immunity.

NOTE :

1. Place the bag (with the side with wordings facing downwards) in the center of the sole.
2. Affix the plaster firmly onto the sole or other positions.
3. Avoid using bags which are broken.
4. Do not affix onto open wounds.
5. Use immediately upon breaking seal.
6. Keep away from children.
